This is a wedding photography service agreement with the Clane Gessel Studio. This is also a model release, allowing Clane and the Clane Gessel Studio to use images in marketing, and gives permission for the Studio to share images with the wedding planner, venue and vendors of the wedding. **Clane will ask for permission to use any images with recognizable faces from Arjun/Anisha before using anywhere.** The Clane Gessel Studio will take photos for the client at the allotted time, not outsourced to a third party. Service fee is for license to images and video shot on the wedding week for the allotted time, culled and edited and delivered online with a digital download link. Any and all deliverables are included as gifts (extra albums, flash drives and other physical products can be purchased separately and will incur WA State sales tax). Clane reserves the right to make duplicates of images from this event for advertising purposes, website use, submit to magazines for publication, social media use or however else Clane Gessel sees fit, consistent with weddings shot in the past. In the unlikely event that Clane is unable to perform the agreed-upon wedding photography in whole or part due to health, acts of god or casualty, he will be replaced with another Studio photographer to cover the wedding at a substantially reduced fee (**12,500\$ less the original amount**). Our photographers always carry multiple cameras, but under the extremely rare case of equipment malfunction, equipment damage, technical failure, stolen gear or if the photos are undeliverable for any other reason, the Studio will provide a full refund. As an artist, the client trusts them to cover events using their artistic take and agrees that all choices of all photos shot and edited are up to the photographer. Photographer chooses the aspect ratio, size, resolution, camera, frame rate, color profile, format and all aspects of all photos and video, as well as what equipment to use. We make every effort to make people look their best, but we can't guarantee everyone will like the way they look in photos, will have their eyes open in photos, or that each photo is flattering. We have copies of every event we've ever shot, but because hard drives might fail, client releases the photographer from any obligation to maintain copies of digital files, photographs, videos, or images after they are delivered digitally. Clane will edit all photos. Editing includes color correction, lighting adjustments, and cropping all at Clane's discretion. Manipulation (changing the content of a photo) of any kind is not included and up to Clane on which image to manipulate (if any). The goal is to make each event and person look and feel their best. Client agrees to trust the photographers, videographers and the Studio team to capture the event in the way they see fit. **Couple will receive 40 same day edits in high resolution on the day of the wedding, Turnaround time for complete set of edited images (roughly 300-400) will be delivered in an online gallery within two weeks of the wedding, by June 12 2022.**

Client agrees they have seen the Studio's previous work and style, and allows the Studio to use her artistic take on all images, turning creative control of all photos over to the Studio in both shooting and editing. Hungry photographers don't work as well, so client agrees to provide meals for the photography team for each day and event of 5 hours or longer. If the client, client's family or any other vendor creates a hostile environment, including anything that would normally be considered abuse, we reserve the right to walk off the job with no refund. Studio retains all rights to all photos and videos as granted with USA copyright laws. All usable photos are given to client with a license to use the images, photographer takes out unusable photos/videos and determines what 'unusable' means. Blurry, over-exposed, under-exposed and out of focus photo/video qualify as unusable. Edited photos are included in full resolution as shot on camera in JPEG format. Additional edit and manipulation requests are not included and may be billed separately. All retainers and payments made

are non-refundable, full payment due before May 22, 2022. If paid on or after May 22 2022 incur a 10% late fee. This agreement and release shall be interpreted, construed and governed according to the laws of the state of Washington and King County (Seattle). The client (bride and groom) shall defend, indemnify and hold harmless owners "Clane Gessel Photography" and "Clane Gessel" from any and all claim, lawsuits, demands, causes of actions, liability, loss of any kind whatsoever with the videography and photography provided in this agreement. This agreement contains the sole and entire agreement and understanding between owners and client with respect to the matters addressed herein and supersedes any and all prior and contemporaneous discussions and agreements between owners and consultant, whether oral or written, with respect to such matters. This agreement may not be amended, modified, or expanded except in writing executed by Clane. In the unlikely event of a disagreement of this document, only arbitration may be used. Couple agrees to not disparage Clane or the Clane Gessel Studio online or in print, **Clane agrees to the same pertaining to the couple and wedding.** Wedding album selections (100-120) must be sent to Clane within six months of the wedding date in order to be included in the price. One album and one album revision are included.
